

## Beret

This is a simple beret that is easy and quick to make. I made the sample with Yarn Bee Whimsy Bulky – Strawberry Fields from Hobby Lobby, but it can be made with any worsted, bulky, or super bulky weight yarn. The original pattern came from a free flyer at Hobby Lobby that I have since lost.

 Tie off and weave in ends.

You can adjust the size by the number of rounds of increase or the number of rounds of decrease. The floppiness is varied by the constant rounds in the middle and at the end.
